DETAILED ACTION

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 1-5, 13, 15-20 are rejected under 35 U.S.C. 102(b) as being anticipated by Meehan. The comments of the last Office action concerning this ground of rejection are incorporated herein by reference. Further note that the fasteners of Meehan are “implements”.

Allowable Subject Matter

Claims 6-12, 14 are allowed.

Conclusion

The remarks have been considered. The only point of contention mentioned by applicant is the allegation that the fastener of Meehan may not be read as an implement. This argument is not convincing. The definition of implement would appear to be broad enough to include fasteners.

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not

mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
